Pioneering. Talented. Employable.

Matching the best diverse talent with progressive employers.

Improve your organisation and kickstart the careers of ambitious disabled university students and graduates.

Hello

We are Leonard Cheshire – supporting individuals to live, learn and work as independently as they choose, whatever their ability. Led by people with experience of disability, we are at the heart of local life – opening doors to opportunity, choice and support in communities around the globe.

In 2013 we launched Change 100 with an ambition to change the employment landscape for disabled students and recent graduates.

By working with our partner employers to develop inclusive workplace cultures, we aim to remove barriers and create opportunities for disabled people to achieve their potential.

What is Change 100?

Change 100 is an award-winning programme of paid summer work placements and mentoring for disabled students and recent graduates.

Our motivation

Change 100 aims to unlock the untapped potential of disabled students and recent graduates and give organisations access to a talent pool bursting with ability, creativity and insight.

Your opportunity

We are currently looking for employers to offer paid summer placements of approximately 100 days to participants. Change 100 interns have already made their mark with over 190 leading employers. Whatever the size or sector of your organisation, or the opportunities that you have available, we invite you to experience Change 100's benefits. We are also able to deliver entirely remote placements should that suit your business need.

Why get involved?

Access to untapped talent

Access a pool of exceptionally high-calibre candidates that you may not reach via traditional selection and recruitment processes.

Commercial opportunity

The 'purple pound' is worth an estimated £249 billion a year.* Employing disabled people will give you critical insight to help you sell more effectively to disabled people around the world.

Be more disability confident

We understand that there may be worries around using appropriate language and supporting disabled employees. Our guidance and ongoing support will give staff straightforward advice, new perspectives and confidence.

Participating in Change 100 can help you to be recognised as Disability Confident Committed.

Improve employee morale

It is likely that you will already employ disabled people who haven't shared their disability. Participating in Change 100 will send a positive signal to your employees that you're an inclusive and supportive employer.

Serve your current employees better

83% of disabled people acquire their disability during their working life.** The majority of these people are able to continue in their existing employment, provided their employer can make workplace adjustments.

As a Change 100 partner you will receive:

- An outstanding intern selected through a rigorous but inclusive process managed by the Change 100 team and participating employers
- A disability and employment training session and bespoke intern briefing for all staff involved in the programme
- Ongoing support throughout the three month internship period
- In the case of tightened government restrictions due to Covid-19, we will support you in adapting your placement accordingly. Internships over the last 2 years have been delivered remotely or with majority home-working, where necessary, and we can provide guidance on this

Your organisation will also benefit from:

- Development opportunities for your staff – we provide resources and ongoing support for mentors in your organisation
- Networking opportunities with other Change 100 employers – we hold regular events to share best practice around disability
- Free promotion in all of our marketing activity to students at campuses across the UK and to other organisations we approach, giving you access to a wider pool of talent
- Demonstrating commitment to diversity, and to improving inclusive practices within your organisation
